WE OFFER FOR FREE:

- Job search support
- Access to accredited training
- Interview skills and resume preparation
- Links to traineeships and apprenticeships
- Training in workplace culture
- Work Experience support
- Connection with local employers
- Referrals to related support services

HOW CAN THE NEXT STEPS WORK & LEARNING CENTRE HELP YOU?

Next Steps Work and Learning Centre is funded to help people who want to make their lives better. We provide the support and help so you figure out what you would like to do and how to get there.

It might be learning how to use a computer or improve your current skills. It might be doing a course in the field of work you would like to go into. It might just be working with you to work with all the agencies that you might be involved with. We will work together with you

We help get people into work!

Next Steps is a **FREE & VOLUNTARY** program and will work WITH YOU to help you get where you want to go.

Last year we helped 80 people get in to a job! Would you like to be one of them?
